Participation:	Customers of SCE&G, Progress & Duke
Governance:	5 Member Board of Directors (ORS, SC Energy Office, SCE&G, Progress & Duke)
Website:	www.palmettocleanenergy.org
Operation:	Similar to NC GreenPower

4

Palmetto Clean Energy (PaCE) *Mission Statement*

- PaCE is a renewable energy program designed to encourage the development of renewable energy resources that improve the environment through reduced greenhouse gas emissions.
- Consumers can elect to fund green power purchases by South Carolina investor owned electrical utilities.
- Contributions to the program help provide financial incentives for generators of electricity from renewable sources.
- Through this partnership with their local investor owned utility, participants will *set the PaCE* for the development of renewable energy in South Carolina.
