PSC Issues Two Orders Pertaining to Transportation Companies

At their Commission Business Meeting of 6.9.22, the Commissioners of the Public Service Commission (PSC) of South Carolina issued two Orders pertaining to transportation companies operating in South Carolina. These Orders, which take effect immediately, apply to all regulated transportation companies—including taxi services, carriers of household goods, and carriers of hazardous waste for disposal.

- [Order No. 2022-405](#) requires that Motor Carrier Certificate Holders "must notify the Commission if they seek to amend an existing Certificate to read Statewide Authority."
- [Order No. 2022-407](#) mandates that, for all current Class E Household Goods Certificate Holders, "the current rates on file, approved by the Commission, and posted on the Commission's website prior to May 23, 2022, shall be deemed and considered the Company's Maximum Rates." Companies who wish to amend their Maximum Rates may do so through the standard process.

The dockets affected by these Orders can be reviewed at the following links:
